Dear Mr. Wood:

Thank you very much for fighting for the American People and Citizens of Georgia. I have signed the Petition and donated to #fightback foundation through my PayPal account.

I have written numerous letters over the past few years to my elected representatives to include Congressman Rick Allen, Senator Perdue, and Senator Loeffler about corruption at VA VISN-7 Headquarters in Atlanta but my cries for help has fallen on deaf ears. They simply don't care.

So, why should I vote Republican..they will roll over and whimper like a scorned puppy when their Masters in the Democratic Party shout out orders for them to "shut up and go to your house."

Politicians, Judges, Attorneys, and local representatives have all sold out Americans and it will take a miracle to reverse course and become genuine a Constitutional Republic governed by the will of the people.

From now on, No American is safe. Where are you, Congressman Allen?

I will remain hopeful but I am not optimistic. I will pray for you, your staff and the future of America.

Very Respectfully,

Daniel Reeves
U.S. Air Force Veteran

Dear DOJ Attorney:

Respectfully request your office investigate possible voter manipulation/suppression in the Richmond County Augusta, GA area. I received a text on my phone(912-222-2361) July 25, 2020 at 9:22am from Shonte (706-567-7939) from "Fair Fight Action" addressing my son Dale requesting that he vote by mail instead of voting in person. I believe numerous citizens in the Augusta area received the same text. I believe mail in and absentee ballots changed the outcome of the local election involving the Local District Attorney(DA).

Nearly 1,700 votes separated incumbent Republican DA Natalie Paine from challenger Jared Williams, the Democratic challenger seeking to become top prosecutor in Richmond, Burke and Columbia counties. I believe the difference in this election was due to mail in and absentee ballots, most of which, I believe may have been illegal due to the illegal desent decree signed by Governor Brian Kemp which makes it impossible to check and match signatures on ballots.

The text message is saved on my as evidence for your review in addition to correspondence to the GA Secretary of State, Richmond County Board of Elections and Congressman Rick Allen.

Thank you very much for investigating my concerns.

Very Respectfully,

Dear Congressman Allen:

Respectfully request your office refer me to a pro-bono attorney to represent me against the State of Georgia for non-standardized voting practices during the 2020 election. These practices violate my Civil and Equal protection rights under the law as a voter who showed up at the polls, in person, with a valid voter Identification Card (Drivers License.) I will use your words as stated below to advance my complaint.

"Georgia has a constitutional issue to resolve with its discrepancies in voter identification in person versus absentee ballots, according to Rep. Rick Allen, R-Ga., on Newsmax TV."

"If you go and vote in person, there's a different standard, and you have equal protection under the law, so why wouldn't the standard for absentee ballots be the same as if you showed up and went to vote in person?" Allen, who won reelection in Georgia's 12th district with over 58% of the vote, told Wednesday's "Stinchfield."

"That's outlandish."

The ballot recount is failing to address the difference in Georgia's rules with in-person voter I.D. and sketchy signature verification on absentee ballots, Allen told host Grant Stinchfield.

"I don't believe it's legitimate, no," Allen said, noting his Georgia delegation has sent a letter to the Justice Department to investigate Georgia's vote counting, ballot recounting and signature verification process on absentee ballots.

Allen added Georgia Secretary of State Brad Raffensperger is suspect, too.

"He's been defending his position, and he has been defending the equipment, which is questionable; he's defending how the votes were counted," Allen said."

I am in agreement with your position and feel that you should support and advance my complaint as my elected representative. I have attached letters as evidence of my position.

I am a supporter of President Trump and showed up at the polls and voted early for all Republicans on the ballot, to include Congressman Rick Allen, during this election.

Another concern of mine, is that DA Natalie Payne lost the election to a Democrat candidate. I believe that ballot tampering may have occurred with mail in and absentee ballots in Richmond County like Georgia counties in and around the Atlanta area. Ex. I received an application for absentee ballot without requesting one and I documented this by writing to Richmond County Board of Elections. I also received a text from Shonte from "Fair Fights Actions" to vote by mail instead of in person. From my perspective, this was voter manipulation intended to control the election in order to count Democratic votes and to exclude, discard and tamper with ballots sent in by those who voted for Republican candidates.

This is a warning shot that Richmond County, over time, may devolve into a place that is not safe nor secure for all citizens who reside in the county.

This is about the future of America, The Republican Party and freedom for all.

Now is not the time nor the moment to sit on the fence.

You must take a stand now!

Dear Mr. Raffensperger:

REF: Out of State Voters

Respectfully request to file a complaint against residents of all the other 49 states in the United States who move to Georgia after the November 3rd election specifically to participate and vote for Senatorial Candidates in the upcoming runoff elections.

The intent and purpose of Georgia Law considering residency is to allow military members become citizens of Georgia immediately after relocating from overseas or from other states. This is allowed in order to accommodate them in a smooth and unhindered transition to the State of Georgia. This a National Security issue and the citizens of Georgia strongly supports the U.S. Military.

Georgia citizens, however, do not support citizens relocating from other states specifically to vote in the Georgia runoff election in which they did not vote during the National Election on or before November 3rd. In addition, Out of State citizens most likely voted in another state on or before November 3rd before they arrived in the State of Georgia which would violate long standing norms and may be unconstitutional.

If this is allowed, then regular residents and voters of Georgia will be disenfranchised from the election process and this should not be allowed. Therefore I submit the following complaints against **Andrew Yang** and others who move to Georgia specifically to vote in the runoff election.

1. As lawful taxpaying citizen of Georgia, My vote should not be diluted or cancelled by out of state citizens who move here specifically to vote in an election meant for the citizens of Georgia who were residing in the State on or before November 3rd.
2. This would violate my Civil and legal rights as an American and Georgia Citizen for out of states to vote after November 3rd when they were not a resident of Georgia on or before November 3rd.
3. Since the runoff election is actually an extension of the November 3rd election. Citizens from out of state should not be allowed to vote since they most likely voted in another state or before November 3rd.
4. Voting in one state and then moving to another state to vote a second time essentially amounts to voting twice in the same election which is illegal and may be considered voter fraud.

5. Lastly, Most out of state citizens planning to move to Georgia are in the top tier of the socio-economic strata and this could violate equal access laws of those in the middle or lower tier of the social class because they don't have the money nor the resources to compete. No individual should have unfair advantage over another when exercising their right to vote. This could be in Violation of the Constitution and against our basic fundamental rights of "All men are created Equal." There should be protections in place for those who are not part of the Elite Social Class regarding our right to vote. If not, we have no Constitutional Republic and all American citizens do not have equal access to the political process in order to choose our Elected Representatives.

Thank you very much investigating my concerns.

Very Respectfully,

Daniel Reeves

Dear Mr. Raffensperger:

Respectfully request Richmond County Board of Elections perform an audit and recount of all votes in Augusta Richmond County GA. Richmond County is Democratically controlled and cannot be trusted to ethically, morally, and legally count votes. It has been reported that voting machines in Georgia have "glitches" that are flipping votes from "Republican" to "Democrat." Is this a "glitch" or are humans manipulating voting machines to change from "Republican" to "Democrat." This begs the question: Did our vote change to a candidate(s) that we **did not** vote for?

My whole family voted Republican and we are not certain that our votes reflected our choice of candidates during this election. We are unable to compete with an opposition that cheats.

If Richmond County does not comply with my request, Then I must assume our "Constitutional Republic" has officially become a "Banana Republic" and our nation will be ruled by one political party which will eventually implement a Communist/Marxist Ideology. Civil Rights and equal treatment under the law will be obsolete. Then raw unfettered Political Power will dominate and control all aspects of American life.

As a result, The United States of America, as founded under the U.S. Constitution, will no longer exist and my service in the U.S. Air Force to defend America and the U.S. Constitution against all enemies foreign and domestic is for naught.

Deception, dishonesty, fraud, irregularities, illegal activity, hate and a blatant disregard for the U.S. Constitution stole this election.

In the end, There will be no life, liberty and the pursuit of happiness for the American People.

This is not about President Trump nor Mr. Biden. This is about our future and we are poised to descend into darkness forever.

Dear Mr. Raffensperger:

Respectfully request to file a complaint against Shonte (706-567-7939) with Fair Fight Action for possible voter manipulation/suppression to steal the election. A text to my phone (912-222-2361) was sent on July 25, 2020 at 9:22am by Shonte addressing my son, Dale requesting that he vote by mail instead of voting in person.

I believe if I or my son had mailed in an application and voted Republican, our vote would have been discarded. Whereby if I had voted for Democrats my vote would have been faithfully and carefully recorded.

I believe my case is part of a larger effort in Georgia to steal the election from Republican voters. Below is a copy of the text to my phone:

Hi Dale, I'm Shonte w/ Fair Fight Action helping folks get ready to vote. There's an important election in GA coming up on August 11th to help pick our nominees for November, and you can vote by mail NOW! Go to <http://www.GAVBM.com> to get a form to request your ballot ASAP! If you have already sent in your application, make sure to send your ballot back right away once you get it! When you vote by mail, you are making it easier for those who need to vote in person. Be a 🇺🇸. Vote by 🗳️. Hope to be able to thank you for voting! <https://youtu.be/hT8eDhxGGCg>

So, why should I vote by mail to make it easier for others who **need** to vote in person. As a U.S. Air Force Veteran and naturally born citizen of Georgia, Why should I not vote in person and why would I interfere with others who need to vote in person?

It is vital that your office investigate my case because many citizens in the Augusta area and all over the State of Georgia may have received the same text which ultimately may have disenfranchised numerous Georgia citizens from voting.

Thanks for investigating this case.

Very Respectfully,

Daniel Reeves

Dear Supervisor:

Today I received an Absentee Ballot Application to request an absentee ballot to vote in the upcoming election. As a career Military person, I have voted via absentee ballot when serving overseas but never received confirmation that my ballot was received nor counted. Therefore, I am very doubtful that my vote will be counted unless you send me a receipt as proof of every candidate that was selected on my absentee ballot.

There are numerous ways to make mistakes on these ballots which could lead to my vote not being counted because human beings are sometimes erroneous, or, it may be possible for one dishonest individual working on a County Board of Electors to discard my ballot because they disagreed with my choice of candidates. This could happen in some or all of the 159 counties in the State of Georgia regardless of political party.

Due to the deep divide in this country, We can longer trust some government employees to operate in a moral, ethical and legal manner when counting votes. Therefore, I must consider the best way to ensure my vote is counted and that is to show up at the polls as early as possible to vote for my choice of candidates.

As a current U.S. Air Force Retiree, I am required to and am very proud to show my Military I.D. Card to access Ft Gordon, the Commissary, and PX because I have earned that right. Therefore, I believe every eligible Georgia citizen should up in person with a valid Georgia I.D. Card to vote in person as early as possible because they have also earned that right!

Voting by Absentee ballot, mail-in ballot, e-mail, or by fax is not best the method of voting as some submissions could be lost, discarded, deleted, fraudulent or even riddled with mistakes resulting in a vote that was not counted.

To minimize or avoid any miscalculations, mishandling or wrongdoing, My family and I will promptly show up at the polls with valid I.D. Cards to vote for our choice of candidates. My hope is that we will be provided a printout verifying the selections we made.

I recommend all Georgia Citizens show up to vote in person with valid Georgia I.D. Card to ensure the best possible outcome in the Local, State, and National Elections.

Ephesians 6:10-20 New International Version (NIV)

The Armor of God

10 Finally, be strong in the Lord and in his mighty power.

11 Put on the full armor of God, so that you can take your stand against the devil's schemes.

12 For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms.

13 Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand.

14 Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, **15** and with your feet fitted with the readiness that comes from the gospel of peace.

16 In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. **17** Take the helmet of salvation and the sword of the Spirit, which is the word of God.

18 And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people. **19** Pray also for me, that whenever I speak, words may be given me so that I will fearlessly make known the mystery of the gospel, **20** for which I am an ambassador in chains. Pray that I may declare it fearlessly, as I should.

Respectfully request you or another Civil Rights Attorney represent me, Pro Bono, in the State Georgia in order to sue Brian Kemp and the State of Georgia for failed oversight and illegal descent decree concerning mail in ballots.

I have filed a Civil Rights complaint in Federal District Court in Augusta, GA for the lawless and fraudulent elections held in the State of Georgia on and before November 3rd during the 2020 National Elections.

Dear Judge Hall:

Respectfully request your good office advance my complaint as a lay person without the knowledge, skills, and abilities of a licensed Attorney. Also, please forgive any imperfections on the complaint form as I have never filed a complaint in Federal Court.

But, I believe the whole of my complaint is valid and crucial to the future of this country and freedom for all.

As a U.S. Air Force veteran who served a career in the military believing my efforts were to advance freedom, democracy and the U.S. Constitution, I am now afraid that advancement of a far left agenda will endanger the safety and security of my family who espouse conservative values.

I am not afraid of dying. But, my concern is for the health, well-being, safety, and security of my family and I need a way and means of protecting them even if we have to relocate to my wife's country of origin, South Korea.

Our premier Federal law Enforcement agencies have no interest in protecting and safeguarding National Security of this country and its people.

Politicians are only interested in self preservation and are also not interested in the safety and security of the average American Citizen and the United States of America. We asking for a amount massive of funds in order to live in a new society where only the rich and the powerful will thrive and survive. This will elevate us to the top tier of society where we will be safe.

In my opinion, we are headed for chaos and mayhem and my family needs to be mobile at a moments notice.

Thank you very much for your consideration and deep concern for my family.
